

ELYTE

THE FUTURE OF PERFORMANCE IS ELYTE

FEATURES & BENEFITS

A Shape Designed for Speed

- The Elyte irons are precision-engineered for speed. Featuring a modern shape, Ai-optimised face, and an innovative construction, these irons are designed to unlock extremely fast ball speeds.
- The cutting-edge sole design, with an enhanced pre-worn leading-edge, ensures acceleration through the turf for even more speed and forgiveness.

Ai Advancements for Optimal Distance, Control, and Launch

- The new Ai10x Face delivers 10x more control points than the Ai Smart Face.
- With more precise Ai, the Ai10x Face produces exceptionally fast ball speeds, tight dispersion, and optimised launch across the face.

Enhanced Sound & Feel

- The Elyte irons utilise a full-body approach to sound & feel.
- Through construction enhancements and more of our patented urethane microspheres, Elyte irons exhibit outstanding sound & feel.

Elyte Delivers Total Performance

- With an Ai optimization designed for fast ball speeds and tight downrange dispersion, the Elyte model is best suited for golfers looking for distance, consistency and control.
