

ELYTE[®]

DRIVER

THE FUTURE OF PERFORMANCE IS ELYTE

FEATURES & BENEFITS

High Launch with Maximum Forgiveness

- The Elyte X model is designed for players seeking maximum forgiveness and a high launch.
- The X model also features neutral and draw settings with an adjustable 13g weight.
- The Elyte X model comes with a matte carbon crown and a chevron on the topline to inspire confidence off the tee.

Elyte Speed from Enhanced Shaping

- The all-new Elyte X shape provides enhanced aerodynamics for Elyte speed throughout the entire golf swing.
- The improved shape is designed to maximise swing speed with improved forgiveness and launch conditions.

The Future of Composites

- The Elyte X driver features an all-new Thermoforged Carbon crown.
- This aerospace grade carbon fiber enables fast head speeds while optimising launch and spin.

Ai Advancements for Optimal Distance, Control, and Launch

- Our most advanced Ai face to date, the new Ai10x Face delivers 10x more control points than the Ai Smart Face™.
- Designed to produce exceptionally fast ball speeds, tight dispersion, and optimised launch across the face.
