

# ELYTE<sup>®</sup>

## HL

## THE FUTURE OF PERFORMANCE IS ELYTE

### FEATURES & BENEFITS

#### Higher and Easier Launch

- The Elyte HL (High Launch) is perfectly suited for golfers who can benefit from a higher launch.
- With more loft and an Ai face optimisation designed to increase launch angle, golfers can maximise carry distance and improve stopping power into greens.

#### Shapes Designed for Speed

- The Elyte HL irons are shaped for speed. A new shape and construction are designed to help increase ball speed.
- And the new sole design with an enhanced pre-worn leading-edge feature is extremely fast through the turf.

#### Ai Advancements for Optimal Distance, Control, and Launch

- The new Ai10x Face delivers 10x more control points than the Ai Smart Face.
- With more precise Ai, the Ai10x Face produces exceptionally fast ball speeds, tight dispersion, and optimized launch across the face.

#### Enhanced Sound & Feel

- The Elyte HL irons utilise a full-body approach to sound & feel.
- Through construction enhancements and more of our patented urethane microspheres, Elyte HL irons exhibit outstanding sound & feel.

LAUNCH & SPIN	SWING SPEED
HIGH LAUNCH / MID SPIN	MODERATE TO AVERAGE

#### SHAFTS

**KBS MAX 80**  
80g (R,S)

**TRUE TEMPER PROJECT X DENALI CHARCOAL**  
55g (5.0-R2), 65g (5.5-R), 75g (6.0-S)

**WMS MITSUBISHI CHEMICAL ELDIO**  
40g (L)

#### GRIP

**LAMKIN CROSSLINE**

**WMS LAMKIN ST SOFT**
