

# ELYTE<sup>®</sup> X

## THE FUTURE OF PERFORMANCE IS ELYTE

### FAIRWAY

#### FEATURES & BENEFITS

##### Confidence-Inspiring Design & Effortless Launch

- The Elyte X model shape at address boosts confidence for looking for a larger footprint behind the ball.
- Designed with a shallower face, it's perfect for those looking for an effortless launch, delivering a high flight and draw-enhanced shot shaping.

##### All New Tungsten Speed Wave for Consistently Fast Ball Speeds

- Featured on the 3-7 wood, the new Tungsten Speed Wave is a 35g weight that positions mass low and forward to promote fast ball speeds.
- This new, innovative design is engineered specifically to enhance misses low on the face.

##### New Step Sole for Efficient Turf Interaction & Improved Centre Face Contact

- Engineered for cleaner contact, the new Step Sole minimises skidding, ensuring smoother, more solid strikes.
- Developed through extensive studies and the success of the Apex UW, this sole shape delivers better turf interaction for consistent results.

##### Ai 10x Face for Optimal Launch and Tight Downrange Dispersion

- Our most advanced Ai face to date, the new Ai10x Face delivers 10x more control points than the Ai Smart Face.
- Designed with our C300 Face cup to produce exceptionally fast ball speeds, tight dispersion, and optimised launch across the face.

#### SHAFTS

**TRUE TEMPER PROJECT X DENALI CHARCOAL**  
60g (5.5-R, 6.0-S), 70g (6.0-S, 6.5-X)
